

Rhode Island Airport Corporation

February 22, 2002

Dear T. F. Green Airport Master Plan Study Resource Committee Member:

The Rhode Island Airport Corporation (RIAC) is pleased to transmit to you the following materials for the upcoming March fifth special meeting of the Study Resource Committee (SRC):

- Meeting agenda
- Current Master Plan and Environmental Impact Statement (EIS) Schedule
- January 24th meeting summary
- Feedback on Quality of Life Report
- RIAC press release
- Updated Master Plan Forecast chapter
- September 11 impact paper (Appendix C)
- Copies of comments received from the SRC on January 24th meeting
- Responses to SRC comments on the Master Plan Forecast chapter

The March fifth meeting is an additional meeting that we scheduled to address comments on the forecast. It will be a technical meeting to mainly address a single subject, and therefore will be shorter than our regular meetings. The meeting is scheduled to last 2 ½ hours – from 5:30-8:00 (dinner will be provided as usual at 5:00). The purpose of this meeting is to brief the SRC on how RIAC has addressed the SRC's comments on the forecasts and to discuss how the forecasts have been modified as a result of September 11th, the recession, and the war on terrorism. The next regularly scheduled SRC meeting will be on April 25, 2002.

Thank you for your continued participation in these meetings. I look forward to seeing you on March fifth.

Sincerely,

Michael G. Cheston
Executive Director
